Reclamation Dist.

Dear Sir:-

We are planning on to make a purchase
of the Mulberry Branch on McDonald Island in
corner lot. which consists of 35 acres of land
on which we intend to get a permit for
building a boat dock to rent out boats and
the building will be located on land side of
the dock. The land is not large enough to
make a large dock as this is something I have
wanted to have for some time and he said
he would like to have the dock and he said
to write a letter to your dist. if you thought
it was worth it. I know what I want to
do.
